

Veterinary records for vaccinations and spay/neuter procedures (including dates) must be given to Home Sweet Home prior to dogs attending daycare or boarding.

Clients are responsible for ensuring that their dog's veterinary records are updated each year.

How to send us veterinary records

Email
Fax
Gingr

Office@homesweethomedogresort.com
West Location: (785) 865-0937 East Location: (785) 832-8133
Upload copies directly into your dog's Gingr profile

OR bring in paper copies to either location!

Please note that vaccines uploaded through Gingr must be manually approved and entered by staff.

Vaccines

- Rabies
- Parvo/Distemper
- Bordetella (Kennel cough)

*Annual Bordetella vaccine is required, however 6 month boosters are suggested.

Spayed/Neutered

- All dogs must be spayed or neutered if 6 months or older

*If your vet recommends a different time table, your dog has extenuating medical circumstances, or other concerns, please call us to discuss options.

Recommended

- Heartworm Preventative

*Although we do not require veterinary records for heartworm preventatives, we strongly recommend that all dogs attending HSH are current on these preventatives year-round as they also prevent other communicable parasites.

All dogs must be aged 4 months or older, with all of our required vaccines before they may come to our facility. This includes introductions, daycare, and boarding.
